INDIA'S FIRST WHEELCHAIR TAXI SERVICE

Travel
with Dignity

ABOUT US

Ezy Mov is a new age company with traditional values which was started by professionals from varied business fields we have the domain expertise of 15 years in providing car rental services across various sectors. The journey which started in 2015 with India's first wheelchair taxi, today boasts of a technically advanced fleet of cabs fitted with world class safety equipment like hydraulic lifts; and driven by a team of professional and courteous drivers.

Having served over a 1000 delighted passengers, we take pride in making those with restricted mobility and confined to four walls - move out and experience life once again .

Very often we come across people with mobility challenges and only sympathize with their condition. At Ezy Mov, we empathize and we're driven by a passion to make them "travel with dignity".

So whether you are a customer, a health care provider, a concerned friend or family member, or even just a passer-by seeing someone in need, now you never have to worry about having reliable and efficient wheelchair transportation.

WHEELCHAIR TAXIS

As India's FIRST Wheelchair Taxi Service, we're proud of the efforts we've made to bring greater accessibility to our special customers. We ensure they "travel with dignity" be it for a hospital visit, or a social gathering, or even a visit to the shrine we provide a host of services to choose from. We also provide interstate travel services to famous religious destinations like Shirdi, Surat, Ahmedabad and Jaipur. Our drivers are well sensitized and specially trained to handle medical situations and are conditioned to provide basic First Aid.

ACCESSIBLE VEHICLE MODIFICATIONS

Ezy Mov customizes commercial as well as luxury accessible vehicles for the specially-abled customers. We believe in listening to our customers first, and then offering customised solutions as per their needs. We associate with partners who have a remarkable expertise of over 25 years in the business to provide best-in-class solutions for the daily needs.

MOBILITY PRODUCTS

At Ezy Mov, we tie-up with renowned international brands (like Guidosimplex, AMF Bruns & Mariani) to offer functional products of the finest quality for a seamless drive. Our world-class product range includes hydraulic wheelchair lifts, wheelchair restraint systems, automatic swivel seats and hand controls to name a few
